Registration Process

“Priority Registration” is the time set aside each semester for current students to register for the upcoming term(s). The first week of this four week period is for graduate students, seniors, and degree candidates. The second week is for juniors, athletes, students registered with Services for Students with Disabilities, and students who have been admitted into the Honors Program. The third week is for sophomores, and the fourth week is for freshmen and others. This registration period generally begins around the third week in October (for spring and summer enrollment) and the first week in April (for fall enrollment).

Students have the option of enrolling in classes on the internet through myIPFW or by appointment with the Coordinator of Advising and Student Services. Meeting with an advisor is recommended prior to registering, but not required, unless you are on academic probation.
