Potential Opportunities for Graduates of Dental Laboratory Technology Programs

Center for Digital Excellence
University of Illinois at Chicago

The UIC Department of Restorative Dentistry, under the leadership of Dr. Stephen Campbell, is exploring new opportunities for our patient care support laboratories and specifically our digital dentistry patient care initiatives. We are known for our progressive educational and patient care. We have the largest and best of Advanced Prosthodontic Specialty Programs in the world. As such, we are an important resource for the entire Chicagoland area. We are widely recognized for driving the transformation of digital dentistry and digital solutions as part of formal dental education and patient care. This is a potentially exciting opportunity to be engaged with an industry leader.

If you are interested in this opportunity, please let us know. For more information, please contact Ms. Anna Panova at annap22@uic.edu.
