Internship Opportunity

Bertsch-Frank & Associates, LLC is a consulting firm located in Fort Wayne providing land surveying and engineering services. The company was established in 2004 and has experienced continued growth with a focus on construction related projects. Today, Bertsch-Frank employs a team of (16) qualified individuals using the latest technology in computer-aided drafting (CAD), GPS, robotic total stations, and high definition laser scanning.

Duties & Responsibilities

Intern will have office and field opportunities. Field opportunities include assisting on a survey crew associated with construction, topographic, and boundary related surveys using state-of-the art technology. Exposure to many facets of land surveying and construction engineering including work on highways, bridges, infrastructure, and building construction projects. Office duties include drafting and design related to site development and land planning projects.

Qualifications/Experience:

- Pursuit of Bachelor’s Degree in Construction Engineering Technology, Civil Engineering, Civil Engineering Technology, or similar degree program.
- Ability to work 2 to 3 days per week.
- Experience in the construction or land surveying industry preferred, but not necessary.
- Valid driver’s license and good driving record required
- Willingness to travel throughout the state of Indiana
- Ability to maintain required OSHA safety training. Some projects will require field work which may be hazardous due to: rough terrain, proximity to machinery, construction projects in various stages of completion, heavy equipment in operation, and vehicular traffic.
- Ability to demonstrate effective interpersonal and communication skills, along with the capability to work in a team environment.

Physical Requirements:

- Must have agility and be physically mobile to ensure safety in and around construction sites and field assignments. Must be comfortable working in all weather conditions and environments

Benefits:

- Competitive compensation for qualified candidate
- Internship may lead to long-term employment
- Flexible schedule

Application:

- Interested applicants should email a current resume to Matt Bertsch at mbertsch@bertschfrank.com
- Visit our website for additional information about Bertsch-Frank at www.bertschfrank.com
