GDLS has a 70-year defense heritage of providing a full spectrum of high quality, technically superior, high value products and services to the United States and its Allies and demonstrates the leadership, financial resources, technology, and strength of more than 7500 employees who are dedicated to making the Company the World’s preferred supplier of land combat vehicles and weapons systems.

**Position: Mechanical Engineer Intern**

**Job Description:**

- Provide mechanical engineering technical support to the manufacturing operation at the Joint Systems Manufacturing Center (JSMC), with focus on vehicle assembly.
- Identify and communicate engineering problems to Design Engineering for resolution through Problem Reports.
- Resolve Material Problem Reports.
- Prepare Engineering Change Proposals (ECP’s), as well as Deviations and Waivers to resolve technical problems.
- Provide technical support/project management as assigned on engineering special projects.
- Provide technical interface with on-site customer – the U.S. Government.

**Job Requirements:**

- Must be pursuing a Bachelor’s degree in Mechanical Engineering and have completed 2 years of that curriculum.
- Must be at least 18 years old.
- Must be U.S. Person (i.e. a lawful permanent resident of the U.S.).
- Overall GPA of 3.0 preferred.
- Ability to function in a team-based environment.
- Must be able to pass military vehicle entry requirements (ASR).
- Must have good written & oral communication skills.
- Computer skills – familiarity with Microsoft Office Suite – Excel, Access, Word, PowerPoint, etc.
- Occasional travel required.
- Excellent written and verbal communication skills required.
- Pro-E or electronic modeling experience desirable.
- Must successfully pass pre-employment drug screen and background check.
- Must be able to complete a minimum of a three-month assignment and work full time for the duration.
- Must provide an original transcript from the college before the first day of employment.

This is a full-time paid internship. The amount is dependent upon JR / SR status.
