The BAE Systems PFW Scholarship Application

This scholarship established by BAE Systems and the College of Engineering, Technology, and Computer Science (ETCS) is to benefit students at Purdue University Fort Wayne. This scholarship will be given to an ETCS undergraduate who most exemplifies outstanding qualities of leadership ability, high academic performance, service to the school and community, and career development. The scholarship award will be divided equally between fall semester 2018 and the spring semester 2019.

Qualifications

To apply, students must meet the following qualifications:

1. Applicant must be an undergraduate ETCS student majoring in electrical and computer engineering, mechanical engineering, or computer science at IPFW.

2. Applicant must have a minimum GPA of 3.0/4.0.

3. Applicant must be a full-time student.

4. Applicant must be a junior or senior class standing.

DUE APRIL 13, 2018
In addition, the applicant is expected to perform the following items. On a separate sheet of paper, type a short essay addressing the following items and staple to this sheet. This application is due in the ETCS Dean's Office, ET 243, by April 13.

- Pursue an undergraduate research opportunity with a faculty mentor (ETCS will initiate)
- Engage with BAE people to demonstrate interest and commitment in pursuing internship or co-op with BAE (BAE will initiate)
- Participate in an IPFW student organization or volunteer in at least one ETCS Outreach Program or
- Hold a leadership position in a student academic organization on campus
- If the student has not fulfilled the General Education requirements, he/she must take an Organizational Leadership & Supervision course to satisfy one of two general education requirements. To fulfill Category B, Competency 5 requirement with courses OLS 25200 or OLS 26800 or fulfill Category B, Competency 7 requirement with OLS 45400 course (see description of courses below).

**OLS 25200 - Human Relations in Organizations**

A survey of the concepts that provide a foundation for the understanding of individual and group behavior in organizations of work, with special emphasis on typical interpersonal and leadership relationships.

Cr. 3.

**OLS 26800 - Elements of Law**

An introductory law course with a brief comparison of the American federal system and the parliamentary system of government; covering law with emphasis on judicial review, court jurisdiction and procedure generally, and basic law in particular.

Cr. 3.

**OLS 45400 - Gender and Diversity in Management**

The workforce of the future will represent multiple differences, including gender, race, culture, ethnicity, physical abilities, and age. Following this broad-based perspective of diversity, this course will focus on using knowledge of diversity to develop the leadership potential of individuals in organizations.

Preparation for Course
P: OLS 25200 or instructor permission; junior or senior class standing.
