Your Safety
IPFW is concerned about the safety and welfare of all campus members and guests, and is committed to promoting a safe and secure environment. Although we have been fortunate in not experiencing a significant number of serious crimes, the potential for such incidents always exists.

The university attempts to provide a safe and secure environment for students, staff, and visitors. But it is only possible to maintain safety and security when every student and staff member takes an active part in this effort. Please report all suspicious or criminal activity immediately by calling 6900.

The purpose of this publication is threefold:
• To inform students and staff of the university’s policies and programs that promote safety and security.
• To increase awareness by summarizing recent crime data.
• To suggest ways that students and staff can deter criminal behavior and promote the safety of persons and possessions.

No matter how effective the university’s programs may be, the primary responsibility for safety and security lies with each of us. No police force or set of procedures can be effective unless individuals exercise reasonable care and prudence. Safety and security are everyone’s responsibility.

Statistics in this report are obtained from IPFW Police and Safety, Fort Wayne Police Department, Office of the Dean of Students, and Athletics, Recreation, and Intramural Sports.

IPFW Police and Safety
The Police and Safety office is located in the Physical Plant (west of Classroom-McElrath Building) and is staffed 24 hours a day, 7 days a week, 365 days a year. The staff consists of 12 police officers, 2 security officers, and 3 clerk/dispatchers. Under state law, police officers possess full police powers (IC 10-2-12-3) on all property owned or occupied by the university. Police and Safety works closely with local law enforcement agencies and solicits information about criminal activity at off-campus locations. Authorized through agreement with the City of Fort Wayne, Police and Safety has secondary jurisdiction throughout the city. Its mission is to protect and serve the campus community by providing a safe environment through enforcement, service, and education.

Some of the services available through Police and Safety are:
• jump starts for stranded motorists;
• unlock service for individuals who have locked their keys in their cars;
• service available 24 hours a day for students and staff;
• campus-wide emergency telephone system monitored 24 hours a day;
• free engraving of social security or identification numbers on personal property;
• lost and found department;
• crime prevention lectures and seminars, which include new student orientation numerous times per year, staff training on security procedures, and programs on special safety and security topics upon request;
• RAD (Rape Aggression Defense) classes. Call extension 6626 for information.

Security of Campus Facilities
Most buildings are normally open from 7 a.m. to 11 p.m. Monday through Saturday, and 10 a.m. to 11 p.m. Sunday. Employees are instructed to immediately report any suspicious situations and not to admit strangers into buildings and/or offices.

Students, faculty, and staff are encouraged to report lock deficiencies and inadequate lighting on walkways or trees and shrubbery that are a safety/security concern to the Physical Plant or Police and Safety.

Crime Reporting
Numerous efforts are made to advise members of the campus community on a timely basis about campus crime and crime-related problems. These efforts include:
• quarterly and annual crime reports. Reports of crime-related information are compiled, published, and widely distributed;
• Student newspaper: The Communicator, prints news briefs on criminal activities and special侵安全可使用的;
• special alerts when incidents occur that could pose a threat to persons or property; special printed crime alerts are distributed throughout the campus and posted on IPFW’s Web page and bulletin boards.
• IPFW does not allow victims or witnesses to report crimes on a confidential basis that do not appear in this report. Professional counselors are not instructed to inform the persons they are counseling to report crimes on a confidential basis.

Fire Safety Plan
Fire Safety Preparedness
• Learn your building’s exit system.
• Know at least two separate routes from your area to an exit or stairway.
• Know the location of your building’s fire alarm, and learn how to use it.
• Know the emergency telephone number for the area (6-911).
• If you have a disability that could delay your escape, let someone in authority know about it, and be sure there is a plan to assist you.
• Never block fire exits, doorways, corridors, or stairways.

In the Event of Fire:
• If you discover a fire, activate the building fire alarm system, and call the police (dial emergency 6-911).
• Leave the fire area immediately following your planned exit route and do not delay by looking for keys or valuables.
• Do not use elevators. Take the stairs.
• Beware of smoke and heat. If there is smoke, do not go near the fire. If the smoke is too heavy or the heat too severe, find a room in the building that is open.
• Stay where rescuers can see you through the window, and call 6-911.
• If possible, move to a room with an outside window.
• Stay calm, and take steps to protect yourself.

Portable Fire Extinguishers
Portable fire extinguishers at the university are intended for use by trained individuals.

The best defenses against rape and sexual assault are awareness and awareness. At all times, including dating situations, you should:
• Let a friend or roommate know whom you will be with, where you will be, and when you expect to return. Leave your address and phone number.
• Don’t allow peer pressure to influence the amount of alcohol you drink. A study at a Big Ten university showed that 80 percent of men and 70 percent of women involved in sexual assaults had been drinking.
• Trust your feelings and instincts. If you feel threatened, there’s probably a good reason. Get away fast.
• Report any assault or threat of assault to Police and Safety and the dean of students immediately.

In selecting dating partners, beware of a person who:
• Ignores your wishes.
• Becomes angry or hostile when you say “NO.”
• Finds you attractive whether you’re wearing a dress or gym clothes.
• Is quick to show anger or aggression.
• Is excessively jealous or possessive.
• Can’t accept that you are who you say you are.
• Forces you to constantly ward off advances.
• Expresses hostile feelings about women in general.

Your first few dates with any individual should be in public places. Always have an alternate way home.
