The program includes scholarships awarded by the American Council of Engineering Companies’ Member Organization (ACEC Indiana.)

ELIGIBILITY REQUIREMENTS
Students must be:

- Entering their junior, senior, fifth, or graduate year, in the fall of 2015 to qualify for the general scholarships.
- Attending an Indiana school and a full-time resident in Indiana
- Earning a Bachelor’s or Master’s degree in an ABET-accredited engineering program
  - Bachelor’s Degree Student must be in an ABET-accredited engineering program.
  - Master’s Degree Student must either be in an ABET-accredited Master of Science (MS) engineering program, or have a Bachelor of Science (BS) degree from an ABET-accredited engineering program.
- Pursuing a career in the consulting engineering business following college (rather than in the biomedical, industrial, technology engineering fields). ACEC Indiana defines “consulting engineers” as those who design roads and bridges, clean water and waste water systems, mechanical and electrical systems, redevelop brownfields and more.

The top ACEC Indiana scholarship candidate will be nominated to receive one of five top ACEC National Scholarships and/or the CASE Scholarship, if you are enrolled in a Master’s degree program in Structural Engineering in the fall of 2016.

SCHOLARSHIP DEADLINE
Friday, Feb. 5, 2016

ABET, Inc.’s accredited engineering programs in Indiana include:
University of Evansville
Indiana Institute of Technology
Indiana University-Purdue University Fort Wayne
Indiana University-Purdue University Indianapolis
University of Notre Dame
Purdue University at West Lafayette
Purdue University Calumet
Rose-Hulman Institute of Technology
Trine University
University of Southern Indiana
Valparaiso University
SCORING

• **Cumulative Grade Point Average: 20 points**

• **Essay: 25 points**
  Essays must be typed or neatly printed. Points may be lost for poor grammar, incorrect spelling, illegibility, or lack of neatness. Proofread carefully.

• **Work Experience: 27 points**
  Work experience will be limited to the last three years prior to the date of the application. List your most recent work experience first and include any jobs held during high school if within the three year period. Indicate the year in school during which you held a particular position. Indicate if your work experience was in the form of work-study, co-op, or practicum. Clearly identify the nature of the business of the listed employers; in particular, note consulting engineering or land surveying firms. Be complete and accurate. List additional experience on a separate sheet and attach if necessary. The more experience you list, the higher your potential score.

• **Recommendation: 15 points**
  A recommendation is needed from an engineering professor, a consulting engineer, or a land surveyor. Use the attached form—a letter is not sufficient. Greater weight will be given for a recommendation from a consulting engineer or land surveyor. The evaluator must send the recommendation directly to ACEC Indiana at either staff@acecindiana.org or 55 Monument Circle, Ste. 819 Indianapolis, IN 46204.

• **Extra curricular College Activities: 13 points**
  Indicate all college activities including offices held and other leadership roles in any organizations. Be as complete as possible. If there are no activities, write “none”. The more activities you list, the higher your potential score.

Questions? Contact: Colleen Merkel at (317) 637-3563 or staff@acecindiana.org
