Prospective Indiana educators are required to demonstrate basic skills competency prior to admission to Indiana educator preparation programs. As of September 1, 2013 the CASA subtests in Reading, Mathematics, and Writing will be used as a measure of a candidate’s basic skills competency. The CASA is a customized educator licensure assessment designed to measure a candidate’s knowledge and skills in relation to the REPA Indiana Educator Standards.

**Were your SAT or ACT scores close to the required score so you wouldn’t have to take the Pearson CASA exams?**

If yes, consider retaking the SAT or ACT to raise the score high enough so you won’t have to take the Pearson CASA exams. It is cheaper to retake the SAT or ACT than it is to take the Pearson CASA exams. Visit [http://sat.collegeboard.org](http://sat.collegeboard.org) or [www.actstudent.org](http://www.actstudent.org) for further information.
