Old Business
Ad-hoc Restructuring – Dean Yen’s suggestions:
  1. The goal is to recreate a college that uses and capitalizes on our strengths, efficiency and effectiveness being balanced.
  2. Meet the chancellor’s mandates, especially recruitment and retention.
  3. Respond to national disciplines while maintaining our teaching effectiveness.
  4. Changes should have a neutral or positive affect on our budget.
Timeline: ECE and CS could merge as early as July 1, 2013. The dean is not pushing for names changes or department chair changes.

Dina said the Ad-hoc Restructuring committee timeline for submitting ideas to the Dean would be before July 1, 2014. Invitations for program representatives for each program will go out soon. Membership will not change from this year until the completion of final report to the dean. If there are multiple volunteers for a program the department chair will be notified and according to department guidelines a representative will be chosen. The four Assembly chairs will act as representative for their respective committees:
