The Fort Wayne TinCaps are offering a new opportunity that they would like to invite you to be a part of. They are offering a brand new “Front Office Experience” on April 29, where they will bring in students to speak with their staff members to gain an understanding of a normal workday in minor league baseball.

This is a learning experience that you can have outside of the class room to give you a brand new perspective on the business of baseball. If you are interested in this opportunity or have any questions please contact Sean Porter at (260)-407-2809 or by email porter@tincaps.com.
