This month’s featured employer is **Easter Seals Arc of Northeast Indiana**. Easter Seals has been helping individuals with disabilities and special needs and their families live better lives for nearly 100 years. From child development centers to physical rehabilitation and job training for people with disabilities, Easter Seals offers a variety of services to help people with disabilities **address life’s challenges and achieve personal goals**.

What is now Easter Seals Arc began as the Johnny Appleseed School in 1954 with a small group of Fort Wayne parents who held a dream for their children with developmental disabilities. That dream included education, skill training, recreation, integration, and support that would enable their children to live within the community at the level of independence of their choice.

The same basic principles and philosophy remain at the core of an ever-growing list of services over 50 years later. Easter Seals Arc’s affiliation with both Easter Seals and The Arc empowers the organization to provide the highest quality of services and resources for children and adults with a wide range of disabilities.

Easter Seals offers **help, hope, and answers to more than a million children and adults** living with autism and other disabilities or special needs and their families each year. Services and support are provided through a network of more than 550 sites in the U.S. and through Ability First Australia. Each center provides exceptional services that are individualized, innovative, family-focused, and tailored to meet specific needs of the particular community served.
Primary Easter Seals services include:

- Medical rehabilitation
- Employment and training
- Children's services
- Adult and senior services
- Camping and recreation

It’s also important to note that Easter Seals Arc is always seeking top-notch individuals to be a part of their growing career team. There are current job opportunities, both locally and nationally, in the following areas:

- Camping and recreation
- Professional openings
- Occupational therapy
- Physical therapy
- Speech-language pathology
- Internships
