Call to order
The meeting was called to order at 12:03 p.m. by Presiding Officer Dina Mansour-Cole.

Approval of the Minutes
The April 1, 2013 minutes were approved as written.

Report of Interim Presiding Officer
- This should be a year of evidence gathering and redirection as was declared at the campus teaching conference and the campus-wide Convocation in August.
- As we work toward transparency and being proactive, we should not be too self-focused on Assembly or just our College: remember we are part of the campus community and we look at the collaborations that we need with other Colleges on campus.
- As Assembly members we need to be reporting back to our departments and bringing faculty concerns back to the Assembly.
- Anticipating some concerns this year with faculty workloads and promotion and tenure (coming from the Senate) and other measures taken in response to ICHE.
- In Dina’s meeting with the Dean he emphasized:
  - ETCS is a real hidden jewel but we need to have more structures in process for measuring growth.
  - We need to celebrate engagement and impact even more than the number of papers and grants we get, showing the real impact piece that people outside of academics care about.
  - Regarding clarification in the budget cuts, the Dean directed Dina to the Convocation slides, which she asked for him to send.
  - Regarding enrollments we are number 2 behind Health and Human Services, and all Colleges are slightly down.

Acceptance of the agenda
The agenda was accepted and approved.

Old Business
- The Ad-hoc Restructuring committee has met once last Spring. Discussion was about expanding evidence gathering to include any West Lafayette rules about restructuring. Dina will take concerns to next meeting (which will be after our October 7 meeting). Assembly reminded that the report is due at the end of the year and goes to the Dean and the Vice Chancellor.

- A request was again made for the entire budget for College of ETCS – (Dean’s and Research Centers budget). What cuts were made?
