Course: ENGR 195 – First Year Engineering Projects

Type of Course: Elective

Catalog Description: Projects or special topics of contemporary importance or of special interest that are outside the scope of the standard undergraduate curriculum can be studied under the First Year Engineering Projects course. Interested students should seek a faculty advisor by meeting with individual faculty members who work in their area of special interest and prepare a brief description of the work to be undertaken in cooperation with their advisor.

Credits: 1-3

Prerequisite Courses: None

Coordinator: Scott Moor, Ph.D., P.E.

Date: 10 May 2011
