Part I

1. What does your unit do and how does it support the mission of the university?

The Division of Continuing Studies (DCS) supports the mission of IPFW by providing online classes that are accessible globally that lead to graduation. Nursing, General Studies and Computer Science BS degrees can be taken totally online. Nursing provides both Master's and Doctoral programs online through our unit. We also offer non-credit classes to regional businesses here on campus and go out the regional businesses. Through the Northeast Indiana SBDC we are part of local economic development as we council and educate local business owners. We provide internship opportunities for students in business and visual design.

TASK FORCE COMMENTS AND/OR QUESTIONS:

3. What program-specific accreditations or federal & state laws impact what you do?

• The U.S. Department of Education and individual states require institutions be approved to provide distance education, practical experiences or face-to-face education in states where they do not have a physical presence. For DCS, this means if we have students residing outside of the state of Indiana taking online classes within their home state, we must be “Authorized” to provide educational opportunities within that state. Indiana is a member of the State Authorization Reciprocity Agreement (SARA) and IPFW has been approved by Indiana to participate in SARA. The impact of state authorization on IPFW is two-fold. One, DCS monitors the home address of students who are registered in online classes to see if there are any students residing in non-authorized states. If there are, we work with ICHE to determine next steps. Two, state authorization restricts where online programs can be marketed.

• There is a second level of state authorization and this deals with programs that lead to licensure (e.g., Nursing programs). For these programs, we need to ensure that not only are we authorized at the state level but that our program is authorized with their governing board. This takes an additional level of monitoring.

• Purdue has issued a policy that all Purdue campuses will comply with the standards and guidelines outlined in the Web Content Accessibility Guidelines (WCAG) 2.0 Level AA for all Electronic Information, Communication and Technology. The biggest impact to IPFW is that this standard indicates that all instructional content be closed captioned. Currently, IPFW has a process in place which provides closed captioning for students who require accommodations. We have estimated changing our policy would cost the university $2 million dollars per year. As such, we have worked with Purdue to see if an alternate policy regarding closed captioning can be put into place especially in light of the fact that online courses are not available to the general public and are behind a password protected wall. Additionally, we are researching more cost effective ways to provide closed captioning for online courses.

Part II

Instructions: Report the status of goals created last year and add any new goals in order to have a minimum of three and no more than five “currently active” goals that you are working on. Currently active goals include goals from last year that you are still working on plus any new goals you are adding this year. Part 2 is pre-populated with last year’s goals along with space to report on up to five new goals. For example, if your unit had 8 goals last year, your report will come with space to report on up to 13 goals total (8 from last year + 5 potentially new goals). In the event that you have completed or eliminated last year’s goals you will add 3-5 entirely new goals, hence the space for five additional goals.

The task force determined that in the interest of aligning resources to strategic priorities, it is best to focus on 3-5 goals for each unit and that those goals should include a mix of maintenance and aspirational goals. Goals that were reported last year and are now completed or eliminated do not count in this number (although you will be asked to provide an update). We recognize that you may be required to eliminate goals from last year’s report simply to fit within the limit and it is up to units to decide which 3-5 they wish to focus and report on. Highly strategic units may very well have more than 5 goals they are working towards but the task force requests that you identify which of those are “active” for USAP-purposes. Leave any unused goals blank.

Note: In the first year, each unit that was directly responsible for student learning (whether the unit was academic or academic support) included at least ONE unit goal (among its other goals) that aligned with EITHER Goal I.A.1 or I.A.2. For this year, each unit directly responsible for students (whether the unit is academic or academic support) should include at least ONE unit goal (among its other goals) that aligns with Metric 1.M.1 and associated outcomes, focused on improving retention and graduation rates.

3. If goal has been completed, what was the impact on your unit and Plan 2020?

4. If eliminated or modified, state reason:

☐ No funding for supplies and expenses    ☐ Priorities shifted

☐ Other: If ‘Other’, click here to explain.

If this goal was eliminated, skip to the next goal.

5. Type of goal:

☐ Create/Develop    ☐ Eliminate/Discontinue    ☒ Improve/Enhance
☐ Increase Efficiency    ☐ Maintain    ☐ Stretch
☐ Other: If ‘Other’, click here to explain.
6. How does your unit goal align with Plan 2020 Goals, Metrics & Outcomes?

Using the Plan 2020 Coding document, identify which three Plan 2020 goals, metrics or outcomes best align with your unit goal. Please make only one selection for each row, using the appropriate drop-down menu based on the Plan 2020 Goal area you want to align with.

Plan 2020 is structured around four goal areas: I – Student Success, II – Creation, Integration and Application of Knowledge, III – Regional Activities, and IV – Creating a Stronger University. You may find that your unit goal aligns to multiple Plan 2020 goals and at different levels, and that is fine. Please choose goals at the lowest level only. (For example, if you have a unit goal focused on building a relationship with a regional partner, you only need to choose I.E.3 and not I.E. or I. Conversely, if you have a unit goal that aligns with student success but doesn’t really have an applicable lower-level goal, choose I – Student Success.)

Note: In the first year, each unit that was directly responsible for student learning (whether the unit was academic or academic support) included at least ONE unit goal (among its other goals) that aligned with EITHER Goal I.A.1 or I.A.2. For this year, each unit directly responsible for students (whether the unit is academic or academic support) should include at least ONE unit goal (among its other goals) that aligns with Metric 1.M.1 and associated outcomes, focused on improving retention and graduation rates.

6. How does your unit goal align with Plan 2020 Goals, Metrics & Outcomes?

Using the Plan 2020 Coding document, identify which three Plan 2020 goals, metrics or outcomes best align with your unit goal. **Please make only one selection for each row, using the appropriate drop-down menu based on the Plan 2020 Goal area you want to align with.**

Plan 2020 is structured around four goal areas: I – Student Success, II – Creation, Integration and Application of Knowledge, III – Regional Activities, and IV – Creating a Stronger University. You may find that your unit goal aligns to multiple Plan 2020 goals and at different levels, and that is fine. Please choose goals at the lowest level only. (For example, if you have a unit goal focused on building a relationship with a regional partner, you only need to choose I.E.3 and not I.E. or I. Conversely, if you have a unit goal that aligns with student success but doesn’t really have an applicable lower-level goal, choose I – Student Success.)

**Note: In the first year, each unit that was directly responsible for student learning (whether the unit was academic or academic support) included at least ONE unit goal (among its other goals) that aligned with EITHER Goal I.A.1 or I.A.2. For this year, each unit directly responsible for students (whether the unit is academic or academic support) should include at least ONE unit goal (among its other goals) that aligns with Metric 1.M.1 and associated outcomes, focused on improving retention and graduation rates.**
