University Strategic Alignment Process Report
Indiana University – Purdue University Fort Wayne
Environmental Resources Center
Part I

1. What does your unit do and how does it support the mission of the university?

The ERC will foster student success, promote the creation, integration and application of knowledge, serve as a regional intellectual hub, and create a stronger university through improving the support of stakeholders of IPFW. The mission of the Environmental Resources Center (ERC) is “to promote the understanding and conservation of the natural resources of the region through scientific research, educational opportunities and outreach.” The vision of the ERC is that it “will be a regionally focused, environmentally focused organization with substantial research capacity, not dedicated to the acquisition of land or the management of specific parcels, and that is free of administrative “boundaries” in terms of operation. We will provide objective guidance, explore solutions, and work to bridge gaps in mission and communication. We will be well-positioned to support a formal structure which focuses on environmental issues, with an array of faculty with complementary interests and expertise in natural resources. Our activities will provide additional avenues for recognizing and celebrating the accomplishments of our faculty working on natural resource issues, as well as provide additional means for marketing those capabilities to public, private, and not-for-profit sectors. The Center will encourage opportunities for multidisciplinary collaboration, both on campus and in the community.”

### TASK FORCE COMMENTS AND/OR QUESTIONS:

4. Please provide the performance metrics identified for your unit and the associated data. (Note: Include the time period the data represent.) Upon review, are there any data you wish to comment on or contextualize?
The following metrics will be derived from annual activity reports from faculty identified as ERC Associates. “An ERC Associate is an IPFW faculty or staff member who regularly contributes to and benefits from being a part of the ERC community. Associates are committed to promoting the mission of the ERC, including enhancing the visibility of the ERC and IPFW, contributing materials for social media, and identifying opportunities for colleagues. Associates will benefit from their involvement with the ERC through social media exposure, networking and equitable access to resources as available.” At the present time, all such personnel have another unit to which they principally report. In 2015, Bruce Kingsbury, Robert Gillespie, Mark Jordan and Jordan Marshall are ERC Associates.

Annual fundraising total: $1405.

5. Do you wish to provide any response to last year’s task force comments?  
We were asked to provide a unit goal that aligns with EITHER Goal I.A.1 or I.A.2. As we are not an academic program, we would appear to lack the capacity to deliver on such goals.

6. Please list the names of the authors of this USAP report.  
Bruce Kingsbury
Part II

Instructions: Report the status of goals created last year and add any new goals in order to have a minimum of three and no more than five “currently active” goals that you are working on. Currently active goals include goals from last year that you are still working on plus any new goals you are adding this year. Part 2 is pre-populated with last year’s goals along with space to report on up to five new goals. For example, if your unit had 8 goals last year, your report will come with space to report on up to 13 goals total (8 from last year + 5 potentially new goals). In the event that you have completed or eliminated last year’s goals you will add 3-5 entirely new goals, hence the space for five additional goals.

The task force determined that in the interest of aligning resources to strategic priorities, it is best to focus on 3-5 goals for each unit and that those goals should include a mix of maintenance and aspirational goals. Goals that were reported last year and are now completed or eliminated do not count in this number (although you will be asked to provide an update). We recognize that you may be required to eliminate goals from last year’s report simply to fit within the limit and it is up to units to decide which 3-5 they wish to focus and report on. Highly strategic units may very well have more than 5 goals they are working towards but the task force requests that you identify which of those are “active” for USAP-purposes. Leave any unused goals blank.

Note: In the first year, each unit that was directly responsible for student learning (whether the unit was academic or academic support) included at least ONE unit goal (among its other goals) that aligned with EITHER Goal I.A.1 or I.A.2. For this year, each unit directly responsible for students (whether the unit is academic or academic support) should include at least ONE unit goal (among its other goals) that aligns with Metric 1.M.1 and associated outcomes, focused on improving retention and graduation rates.

6. How does your unit goal align with Plan 2020 Goals, Metrics & Outcomes?

Using the Plan 2020 Coding document, identify which three Plan 2020 goals, metrics or outcomes best align with your unit goal. Please make only one selection for each row, using the appropriate drop-down menu based on the Plan 2020 Goal area you want to align with.

Plan 2020 is structured around four goal areas: I – Student Success, II – Creation, Integration and Application of Knowledge, III – Regional Activities, and IV – Creating a Stronger University. You may find that your unit goal aligns to multiple Plan 2020 goals and at different levels, and that is fine. Please choose goals at the lowest level only. (For example, if you have a unit goal focused on building a relationship with a regional partner, you only need to choose I.E.3 and not I.E. or I. Conversely, if you have a unit goal that aligns with student success but doesn’t really have an applicable lower-level goal, choose I – Student Success.)

Note: In the first year, each unit that was directly responsible for student learning (whether the unit was academic or academic support) included at least ONE unit goal (among its other goals) that aligned with EITHER Goal I.A.1 or I.A.2. For this year, each unit directly responsible for students (whether the unit is academic or academic support) should include at least ONE unit goal (among its other goals) that aligns with Metric 1.M.1 and associated outcomes, focused on improving retention and graduation rates.

8. Why is this goal important to your unit, the university or both?

If the ERC can promote student engagement with IPFW faculty and community partners, we will have contributed to student education and quality of experience, enhanced productivity for students and faculty, and provided value to the community.

9. If continuing your goal, what progress have you made or which action steps have been completed?

This goal is ongoing. The intention is for the metric numbers to grow over time.

10. What action(s) does your unit plan to take to support this unit goal?

ERC personnel will strive to identify and engage in opportunities for students and faculty mentors to engage in research and outreach relating to local and regional issues, and strive to identify and engage appropriate students and faculty mentors to supervise them on environmentally-related issues.

Goal 3

1. Enter a unit goal:

   The ERC will serve as an objective, science-based, regional resource with respect to ecological and environmental issues.

2. Status of goal:

   □ Completed   ☒ Eliminated   □ Modified   □ In Process   □ New

3. If goal has been completed, what was the impact on your unit and Plan 2020?

   Given the comments of the review team, this goal would not seem to align with the USAP tool, so I have eliminated it. I have repackaged it as new goal #1, along the lines of “The ERC will promote increased community engagement and enhanced visibility for IPFW”, below, in a manner which should ease association with metrics.

   **If this goal was completed, skip to the next goal.**

4. If eliminated or modified, state reason:

Goal 4

1. Enter a unit goal:

   Develop internal and external advisory groups for the ERC.

2. Status of goal:

   ☒ Completed   ☐ Eliminated   ☐ Modified   ☐ In Process   ☐ New

3. If goal has been completed, what was the impact on your unit and Plan 2020?

   In 2015, we established a Faculty Council (three persons) to act as an internal advisory group, and a Community Advisory Board (initially four persons) to act as an external advisory group. We also defined and established the title of ERC Associates, and identified the first four such individuals. Providing avenues for stakeholder interaction and feedback will help the ERC move forward on meaningful and fruitful pathways. Of the 2020 goals, we aligned this with IV.C. Philanthropic Support. Our hope is that advisory groups will help us attract additional philanthropic support in the future.

   **If this goal was completed, skip to the next goal.**

4. If eliminated or modified, state reason:

   ☐ No funding for supplies and expenses   ☐ Priorities shifted
   ☐ No funding for salary & wages         ☐ Loss of staffing
   ☐ No funding for equipment / maintenance of equipment
   ☐ Other: If ‘Other’, click here to explain.

   **If this goal was eliminated, skip to the next goal.**
5. Type of goal:

☐ Create/Develop  ☐ Eliminate/Discontinue  ☐ Improve/Enhance

☐ Increase Efficiency  ☐ Maintain  ☐ Stretch

☐ Other:  If ‘Other’, click here to explain.

6. How does your unit goal align with Plan 2020 Goals, Metrics & Outcomes?

Using the Plan 2020 Coding document, identify which three Plan 2020 goals, metrics or outcomes best align with your unit goal. Please make only one selection for each row, using the appropriate drop-down menu based on the Plan 2020 Goal area you want to align with.

Plan 2020 is structured around four goal areas: I – Student Success, II – Creation, Integration and Application of Knowledge, III – Regional Activities, and IV – Creating a Stronger University. You may find that your unit goal aligns to multiple Plan 2020 goals and at different levels, and that is fine. Please choose goals at the lowest level only. (For example, if you have a unit goal focused on building a relationship with a regional partner, you only need to choose I.E.3 and not I.E. or I. Conversely, if you have a unit goal that aligns with student success but doesn’t really have an applicable lower-level goal, choose I – Student Success.)

Note: In the first year, each unit that was directly responsible for student learning (whether the unit was academic or academic support) included at least ONE unit goal (among its other goals) that aligned with EITHER Goal I.A.1 or I.A.2. For this year, each unit directly responsible for students (whether the unit is academic or academic support) should include at least ONE unit goal (among its other goals) that aligns with Metric 1.M.1 and associated outcomes, focused on improving retention and graduation rates.

Select up to three Plan 2020 Goals to align with. Choose only one goal for each row.

7. Is the unit goal a high, medium or low priority?

High
8. Why is this goal important to your unit, the university or both?

In Plan 2020, a stated value of IPFW is a “multifaceted and mutually beneficial collaboration with the Fort Wayne and greater northeast Indiana region.” Our efforts will contribute to addressing that value. They will also promote philanthropic contributions to the ERC and IPFW as a whole.

9. If continuing your goal, what progress have you made or which action steps have been completed?

In 2015, the ERC overhauled and deployed a new website (http://erc.ipfw.edu). We also launched the monthlyish eNewsletter ERC News Briefs.

10. What action(s) does your unit plan to take to support this unit goal?

We continue to encourage ERC Associates and their students to be engaged with the community on environmental issues. We continue to provide fresh content on our web page, in the EC News Brief, and on our Facebook page.

7. Is the unit goal a high, medium or low priority?

Medium

8. Why is this goal important to your unit, the university or both?

Entities such as the ERC, and IPFW, are increasingly dependent upon private rather than public dollars to operate. We would like to reduce the burden on IPFW for our operations.
9. If continuing your goal, what progress have you made or which action steps have been completed?

In 2015, we launched our News Brief, a monthlyish eNewsletter that includes a soft ask for contributions. We also had our first annual, year-end fundraiser in December, and included a “membership” level.

10. What action(s) does your unit plan to take to support this unit goal?

We will continue to have an annual fundraiser and look for other opportunities. We will continue to improve and expand our new ERC website (http://erc.ipfw.edu), maintain our Facebook page, and deliver our monthlyish eNewsletter.

6. How does your unit goal align with Plan 2020 Goals, Metrics & Outcomes?

Using the Plan 2020 Coding document, identify which three Plan 2020 goals, metrics or outcomes best align with your unit goal. Please make only one selection for each row, using the appropriate drop-down menu based on the Plan 2020 Goal area you want to align with.

Plan 2020 is structured around four goal areas: I – Student Success, II – Creation, Integration and Application of Knowledge, III – Regional Activities, and IV – Creating a Stronger University. You may find that your unit goal aligns to multiple Plan 2020 goals and at different levels, and that is fine. Please choose goals at the lowest level only. (For example, if you have a unit goal focused on building a relationship with a regional partner, you only need to choose I.E.3 and not I.E. or I. Conversely, if you have a unit goal that aligns with student success but doesn’t really have an applicable lower-level goal, choose I – Student Success.)

Note: In the first year, each unit that was directly responsible for student learning (whether the unit was academic or academic support) included at least ONE unit goal (among its other goals) that aligned with EITHER Goal I.A.1 or I.A.2. For this year, each unit directly responsible for students (whether the unit is academic or academic support) should include at least ONE unit goal (among its other goals) that aligns with Metric 1.M.1 and associated outcomes, focused on improving retention and graduation rates.
