Consultation about Academic Program Proposals

To ensure broad consultation about academic program proposals, before the Curriculum Review Subcommittee (for undergraduate programs) or the Graduate Subcommittee (for graduate programs) carry out their review and advise the Senate whether to exercise its right of review, two new procedures—one by the subcommittees and one by the Office of the Vice Chancellor for Academic Affairs—will be implemented.

**Operating Procedure**
The subcommittees have adopted the following operating procedure:

- Upon receipt of a proposal, the OAA, on behalf of the subcommittees, will distribute the proposal to all deans and division directors and department chairs for comment.
- Subcommittees will discuss the proposal after receiving the comments.

Sample memos to be used for soliciting comments are attached. (Attachments A & B)

Further, the subcommittees recommended to the Vice Chancellor for Academic Affairs that the Office of Academic Affairs institute a procedure to ensure consultation early in the academic program proposal process. The Office of Academic Affairs has accepted the recommendation in principle and hereby provides notice of the procedure to be used.

Specifically, each academic program proposal sent to the subcommittees shall be accompanied by a cover letter, prepared by the sponsoring department, that speaks to the topics that the Bylaws of the Senate (see sections 5.3.3.8.2 and 5.3.3.9.2) require the subcommittees to consider as part of their evaluation. For the Curriculum Review Subcommittee, these include:

1. the rationale for the proposed program;
2. the use of IPFW resources;
3. the relationship among proposed and existing programs; and
4. other effects on IPFW and on IPFW’s constituencies. For the graduate Subcommittee, the topics are:
   a. the rationale for the proposed program;
   b. the program’s effects on IPFW;
   c. and the program’s effects on IPFW’s constituencies.

In addition, the cover letter shall include a list of departments/divisions consulted in the proposal development process and explain how the comments and advice received from other departments/divisions have influenced the final version of the proposal.

Sample cover memos are attached. (Attachments C & D)

TO: Curriculum Review Subcommittee
FROM: [Sponsoring Department]
DATE: 
SUBJECT: Cover Memo for Proposal for [

The cover memo for proposals to the Curriculum Review Subcommittee in behalf of a new or renamed major, degree, degree option, minor, concentration, certificate program, or similar entity shall address the following topics:

1. The rationale for the proposed program
This section should speak to the academic objectives of the program and the need/demand for the program.

2. The use of IPFW resources
This section should speak to new resources required (personnel, facilities, learning support equipment and materials) and how the resources will be obtained.

3. The relationship among proposed and existing programs
This section should discuss relationships with existing programs within and without the department/division. For example, arrangements for collaborations; impact on enrollments in other programs; availability of space in courses in other departments/divisions.

4. Other effects on IPFW and on IPFW’s constituencies
This section should speak to the potential impact of the program upon various IPFW constituencies and partners, including (but not limited to) the community, alumni, businesses, non-profit organizations, government agencies, educational institutions, etc.

5. Consultation with other departments/divisions in the proposal development process
This section should enumerate the departments/divisions consulted and outline the manner and occasion(s) of consultation.

6. Results of consultation with other departments/divisions
This section should summarize the substance of comments and advice received and then explain how the comments and advice have influenced the final version of the proposal.
